

Stand out from the crowd and capture the attention of your audience with our new and exclusive, **patented 3D Prism Banner**. This innovative and eye-catching 3-sided banner offers an extra dimension in outdoor displays. The cleverly designed pole set has a strong, yet lightweight fibreglass construction and with a double bearing built into the heavy duty spike, the Prism can be used outdoors in any weather conditions making it the best choice for long term outdoor applications. It can also be used indoors with our standard cross base or cluster base for exhibitions and trade shows offering unbeatable versatility.
